

CHARBAY

PIONEERS OF ARTISAN SPIRITS

GREEN TEA VODKA

KEY FACTS

- Created in 2004, it was the first of its kind in the vodka category
- Three years of research led Miles Karakasevic, 12th generation Master Distiller, to find the best green tea flavor with low tannins, a long smooth finish and delicate, fresh aromatics
- In spring, 4 varieties of rare, first growth whole-leaf green teas are picked in Anhwei Province of China
- Using only 100% real tea, it's a 6-month process, with 120 days dedicated to extracting the true flavor from the whole-leaf green tea
- Handcrafted by Marko Karakasevic, 13th generation Master Distiller

90-95 pts: Superb/Highly Recommended / Wine Enthusiast
 "Yet another creative innovation by the distilling wizards at Charbay." Spirit Journal Annual Awards
 "The aroma is identical to that of freshly brewed tea with grassy and lightly floral notes and just a hint of sweetness, like green tea with honey, making it perfect for summer refreshers."
 Penelope Bass, Imbibe Magazine
